BankTechAsia'18™

Where banking meets technology...

JAKARTA SERIES

23 - 24 October 2018 | AYANA MIDPLAZA

Technology innovations in banking are already transforming the financial sector and the traditional banking landscape is set to rapidly change in the next five years. Safety features, such as advanced cryptography and biometrics, will help protect against bank scams and remote applications will make it easier than ever to do your banking without visiting a branch but if you do, the experience is likely to be much more customer-friendly.

The **10th Bank Tech Asia, Jakarta series** will back on the 23 & 24th October 2018. Don't miss out on the latest disruptive technologies implementation to supercharge your bank's operations and stay relevant in this fast paced connected world.
